نماینده‌گی وزارت امور خارجه - اصفهان

بسمه تعالی

جناب آقای دکتر قاضی عسگر،

معاون محترم هماهنگی امور اقتصادی استانداری اصفهان

موضوع: برنامه ها و پروژه های سرمایه گذاری سال ۲۰۲۰ سازمان اقلیم کردستان عراق

با سلام و احترام

گزارش واصله از سرکنسولگری جمهوری اسلامی ایران در اربیل عراق در خصوص برنامه ها و پروژه های سرمایه گذاری سال ۲۰۲۰ اقلیم کردستان عراق جهت استحضار و بهره برداری لازم به شرح ذیل ایفاد می گردد.

شایان ذکر است در تاریخ ۱۴ / ۲ / ۱۳۹۹ دکتر محمد شگری، رییس سازمان سرمایه گذاری اقلیم کردستان عراق در نشست خبری، برنامه ها و پروژه های سرمایه گذاری سال ۲۰۲۰ را اعلام کرد که در آن ۱۰۵۵ پروژه سرمایه گذاری خارجی و داخلی در بخشهای مختلف ارائه شده است. بر اساس این گزارش از این کل پروژه های مذکوره ترتیب اهمیت و اولویت تعداد ۴۶۱ پروژه به بخش صنعت، ۲۲۷ پروژه به بخش گردشگری و ۱۱۳ پروژه به حوزه کشاورزی و سایر پروژه ها در دیگر بخشهای اقتصادی به شرح ذیل در ۱۱ ناحیه صنعتی در ۴ استان اربیل و سلیمانیه و دهوک و حلبچه اختصاص یافته است:

ملاحظات:

۱. برابر اظهارات رییس سازمان سرمایه گذاری اقلیم از سال ۲۰۰۶ که قانون سرمایه گذاری در پارلمان اقلیم کردستان به تصویب رسید تا کنون در مجموع مجوز ۵۲ میلیارد دلار پروژه برای سرمایه گذاران داخلی و خارجی صادر شده است.

۲. این برنامه (نسخه مجازی کتاب پروژه های سرمایه گذاری ۲۰۲۰ به زبان انگلیسی پیوست می باشد) جامع دربرگیرنده سرفصل های زیر است:

برنامه سرمایه گذاری سال ۲۰۲۰

- اهداف
- - قانون سرمایه گذاری شماره ۴ سال ۲۰۰۶
- ضمانت ها برای سرمایه گذاران داخلی و خارجی
- دستاوردهای هیئت سرمایه گذاری

حوزه های سرمایه گذاری در اقلیم کردستان

هر کدام از بخش های زیر دارای جدول عنوان پروژه ها، تعداد و توزیع آنها به تفکیک استان ها و مناطق اقلیم کردستان است.

- سرمایه گذاری در بخش صنعت
- پروژه های بخش کشاورزی و منابع آب
- پروژه های بخش گردشگری و خدمات
- پروژه های بخش برق
- پروژه های حوزه بهداشت و سلامت
- پروژه حوزه کار و امور اجتماعی
- پروژه های بخش مسکن و راهسازی
- پروژه های بخش حمل و نقل
- پروژه های حوزه آموزش عالی و پژوهش
- پروژه های حوزه فرهنگی و جوانان.

۴- در حوزه مسکن نیز پروژه ساخت ۱۰ هزار واحد مسکونی در هر ۴ استان اقلیم کردستان مشخص شده است.

۵- بر اساس طرح ۲۰۲۰ سازمان سرمایه گذاری، از این پس سازمان سرمایه گذاری اقلیم خود راسا پروژه های سرمایه گذاری را برای اشخاصی که تمایل به سرمایه گذاری در اقلیم کردستان دارند، تعیین می کند.

۶- این پروژه ها از مطالعه اجمالی امکان سنجی اقتصادی برخوردار بوده و بالطبع مورد حمایت حکومت و مشمول حمایت قانون سرمایه گذاری اقلیم کردستان ۲۰۰۶ می باشد.

۷- دکتر محمد شکری در این نشست خبری اعلام کرد آغاز این پروژه ها در سال ۲۰۲۰ بالغ بر ۲ هزار فرصت شغلی در ابتدای امر می تواند برای اقلیم کردستان فراهم نماید.

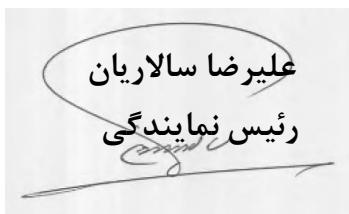

۸- با توجه به افت شدید قیمت نفت و کاهش جدی درآمد اقلیم کردستان که گرفتار اقتصاد تک محصولی وابسته به نفت می باشد، حکومت اقلیم به ریاست مسرور بارزانی را برآن داشته هرچه سریعتر به منظور جبران کسری شدید بودجه با معرفی و آغاز پروژه های اولویت دار سرمایه گذاری خود بودجه عمرانی لازم را از محل جذب منابع سرمایه های داخلی و خارجی تامین نماید.

۹- با توجه به اینکه هزینه های تولید صنعتی در عراق- شامل دستمزد کارگر و حامل های انرژی و دانش فنی - به طور کلی و به ویژه کردستان عراق نسبت به ایران به مراتب بالاتر است، همچنان قلمرو عراق در مقایسه با ایران از نظر کارآفرینان عراقی مزیت و توجیه لازم برای سرمایه گذاری در بخش صنعت ندارد.

۱۰- برغم پدید آمدن فضای سیاسی نسبتاً آرام و دفع تهدیدات داعش و برقراری امنیت نسبی در عراق همچنان پتانسیل ها و منابع اختلاف و تنش سیاسی و بروز تحرکات تروریستی در قلمرو عراق موجود و فعال است و به همین جهت همچنان ریسک و خطر پذیری بالایی بر سرمایه گذاری در بخش های مختلف صنعت و خدمات گردشگری تحمیل می گردد.

۱۱- با وجود این حوزه کشاورزی و کشت فراسرزمینی زمینه مناسبی برای سرمایه گذاران و کارآفرینان ایرانی می تواند تلقی شود.

شایان ذکر است اقدام مشابه از سوی دستگاه ذیربط در خصوص معرفی طرح سرمایه گذاری استان که قبلا مطرح و پیگیری شده است مجدد پیشنهاد میگردد.

رونوشت :

- جناب آقای ایرج موفق، مدیرکل محترم سازمان صنعت، معدن و تجارت
- جناب آقای گلشیرازی، رئیس محترم اتاق بازرگانی، صنایع، معادن و کشاورزی اصفهان

***INVESTMENT
PLAN***

***TOWARD MORE (DEVELOPED & PROSPEROUS)
KURDISTAN***

VIA INVESTMENT PLAN FROM 2020

Kurdistan Regional Government

Board of Investment

Objectives

- *Kurdistan is a secure area compared to the rest of Iraq & it's an important gate to invest in Iraq.*
- *Kurdistan Regional Government is concerned with regulating the private sector through investment, which leads to strengthening the economy and infrastructure.*
- *Interest in investment, leads to the implementation of the government's strategy to revive the industrial, agricultural, tourism and all other economic sectors.*
- *Development of other investment sectors in parallel with some such as roads and bridges, electricity, water resources, education and higher education, health & social affairs, culture and youth.*
- *Create job opportunities for fresh graduates from universities and institutes which lead to reduce unemployment.*

Investment Law no. 4 of 2006

Why investment law issued?!!

- *Open up ways to sustainably support the development and diversification of the Region's economy beyond oil and gas*
- *Create a conducive business climate that promotes investment in the Kurdistan Region*
- *Remove legal obstacles and open the way for investment of national and foreign investors*

- *Full repatriation of profits generated by the project and wages earned by foreign employees*
- *Transfer of investment to another foreign or national investor*

Incentives

Guarantees

- *Provision of land plots for subsidized lease*
- *Provision of public infrastructure (e.g. water, electricity, sewage, public roads) to the project fence.*
- *Exemption from corporate taxes (10 years)*
- *Exemption from customs duties for imported raw materials (5 years); additional different customs duty exemptions*

- *Possibility to invest in Kurdistan with or without local partners and to employ foreign labor; however, it is mandatory to register the company*

Board of Investment Overview and Achievements

Board of Investment (BOI): An Overview

- *Established in 2006 by KRG's Investment Law No. 4.*
- *Facilitates investments in all sectors except oil and gas to further develop the Region's economy.*
- *Serves as semi "one-stop-shop" for investors within the Kurdistan Regional Government.*

- *Grants public benefits to eligible investment projects by issuing investment licenses.*

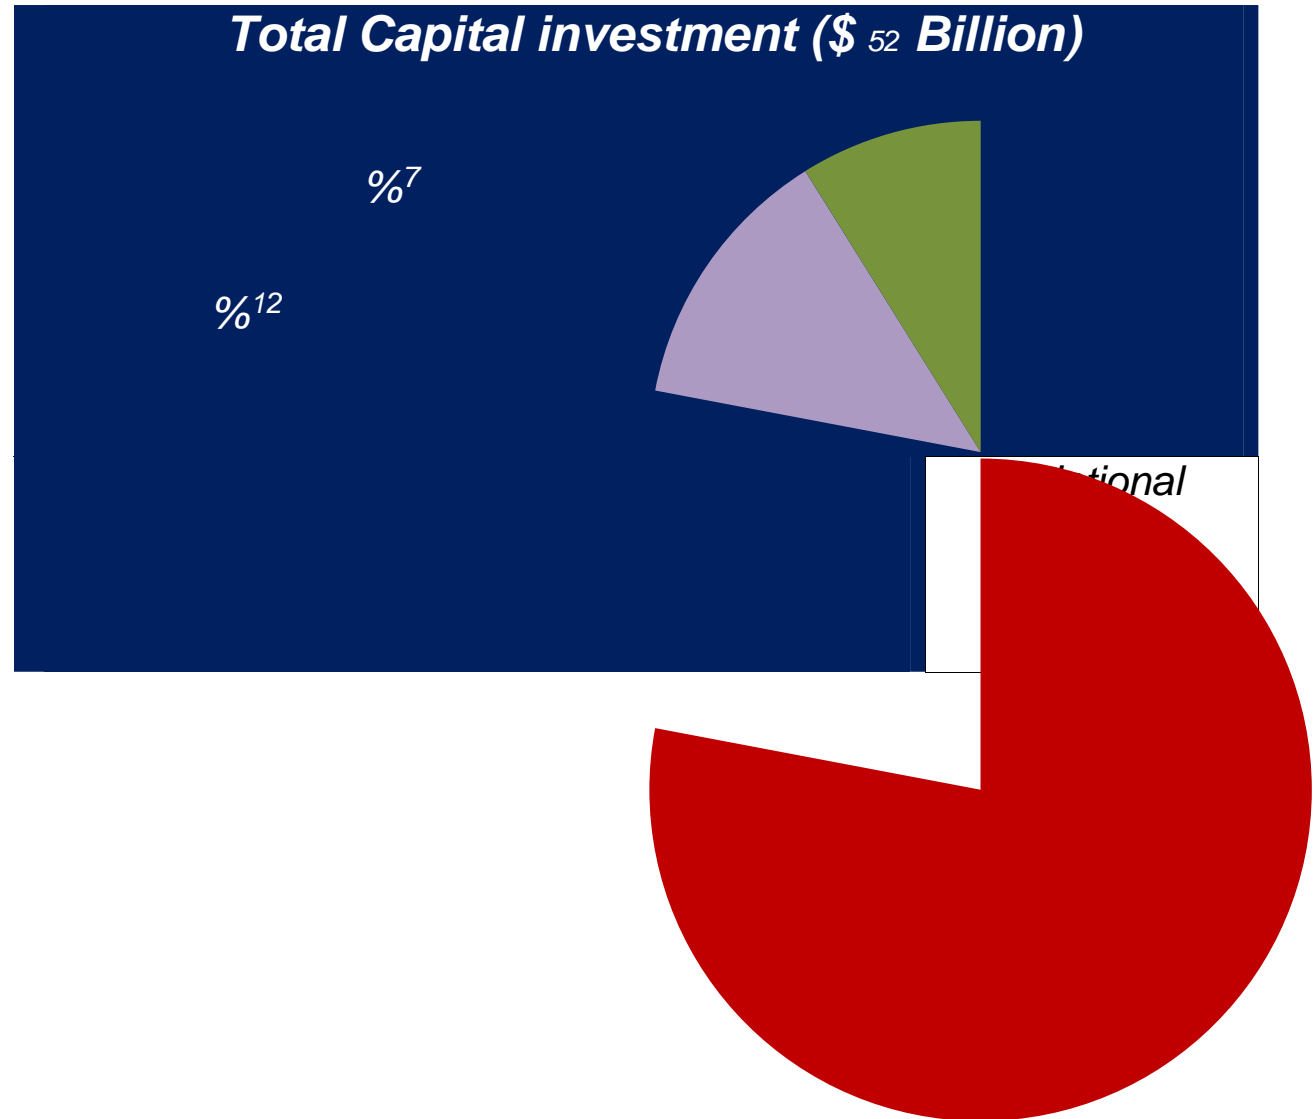

Main achievements (2006 – 2019)

- *890 projects from all sectors licensed.*
- *More than USD 52 Billions of capital invested.*
- *More than 65,500 Dunams of land allocated for investment projects*
- *Investments by 81% national, and 12% foreign investors as well as*

7% Joint Venture facilitated

Achievements

Investment Plan

- *Industrial Sector*
- *Agriculture & Water Source Sector*
- *Municipalities & Tourism Sector*
- *Banking Sector*
- *Electricity Sector*
- *Transport & Communications Sector*
- *Education Sector*
- *Higher Education & Scientific Affairs Sector*
- *Health Sector*
- *Social Affairs Sector*
- *Housing & Road Sector* □ *Trade Sector*
- *Youth & Culture Sector*

- *Economic Infrastructure*

Investment in Industrial Sector from 2020

- *This sector is a pillar of development for countries.*
- *Raw materials are available in the Kurdistan region for metallurgical and nonmetallic industries*
- *Availability of agricultural crops in Kurdistan region that are used as raw materials for food industries to achieve food security.*
- *Pharmaceutical Industry is established in Kurdistan Region and based on cGMP (need to be increased and developed).*
- *Establishing of Industrial Cities & Zones that considered as a strong infrastructure for economic development in different zones of the region. There are studies specific to this subject and the developer can obtain an investment license for (construction, operation and management) the running will be under government control authorities according to the laws and regulations in force in the Region and allocates lands for industrial projects according to the industrial type and classification provided by all services*

Investment in Agriculture & Water Sources Sector from

2020

- *The Kurdistan region is considered as one of the most suitable zones for investment in the agricultural sector and water resources, due to the weather conditions and its geography.*
- *Agricultural investment products are used as a source to provide raw materials for investment in the industrial sector, such as the food, wood, leather, and textile industries.*
- *Investing in water resources by building dams leads to water storage, raising the level of groundwater, strengthening the electricity sector, and developing tourism zones.*
- *Lead to reverse migration from cities to rural areas.*
- *Investing in dams builds investment in the electricity and tourism sectors and at the same time develops the agricultural sector.*
- *Kurdistan is returning to its position as the food basket of Iraq, in the other hand the agricultural products can be exported.*
